DATE APPLICATION RECEIVED:	January 6, 2015
DATE EA APPROVED APPLICATION:	February 5, 2015
EA CONTACT:	Patrick Snider, (916) 324-3753

Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for San Benito County, has received and approved a RFI Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c).

Project Description

John Smith Road Landfill is an existing landfill operating under a full Solid Waste Facilities Permit issued on March 22, 2013. The application package to amend the RFI requests the following changes: the construction of an additional break room for employees, addition a truck tipper to the equipment list, update of the base grade contours as required by the Central Coast Regional Water Quality Control Board, clarify the acceptance and storage of source separated recyclables, and transfer the operator from San Benito County Integrated Waste Management to Waste Solutions Group of San Benito, LLC.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The EA approved the RFI Amendment on February 5, 2015.
